

## Shaping India's AI-Driven Tomorrow GFST's Vision for AI-Led Public Services, Digital Economy & DeepTech Innovation

### India's Digital Leap: AI & DeepTech as Pillars of Governance and Growth

India is at the forefront of a technological revolution, and Andhra Pradesh is leading the way with AI-driven governance, smart industry innovations, and DeepTech applications in key sectors. Through two landmark events—the DeepTech Conclave 2024 and Aquaculture Conference 2025—the Global Forum for Sustainable Transformation (GFST) has set a bold vision for the future.

### DeepTech Conclave 2024: AI-Driven Policy & Economic Growth

HELD IN VISAKHAPATNAM, DECEMBER 5-6, 2024  
INAUGURATED BY HON' CHIEF MINISTER  
SHRI N. CHANDRABABU NAIDU

**AI in Governance:** AI, ML, and blockchain for real-time decision-making and transparency.

**AI-Powered Healthcare:** Janani Mitra App to enhance maternal and child health services.

**Industry-Government Partnerships:** MoUs with Samagra, GSR, and global universities for DeepTech R&D.

**Precision Agriculture:** IoT-driven farming and AI-based market intelligence.

**Impact:** AI-led policy-making, job creation, and industrial transformation.

### GFST's Next era of GouTech series Aadhaar to digital transactions to digital stack and RTGS

To accelerate India's transition into a global innovation hub knowledge economy, GFST is launching new AI and DeepTech programs across education, governance, and startup ecosystems.

## AI & DeepTech Courses for Students & Bureaucrats

**AI & DeepTech Certification for Students:** Empowering youth with future-ready skills in AI, IoT, and blockchain.

**AI for Bureaucrats Program:** Training government officials in AI-driven policy-making, governance, and decision intelligence.

## Kudair Digital Stack: The Future of AI-Powered Governance

AI-driven administration for seamless governance.

Citizen service platforms for healthcare, education, and welfare.

IoT-enabled infrastructure for resource optimization in water, power, and urban planning.

## Aquaculture Conference 2025: Scaling Smart Fisheries for Global Leadership

HELD IN ANDHRA PRADESH, FEBRUARY 17-18, 2025

INAUGURATED BY HON' CHIEF MINISTER **SHRI N. CHANDRABABU NAIDU**

**Digital Aquaculture Stack:** AI-powered water quality monitoring & blockchain traceability.

**Financial Inclusion & Insurance:** AquaExchange to provide collateral-free loans and digital insurance.

**Infrastructure Expansion:** Aqua Parks, biosecure farms, and renewable energy adoption.

**Global Market Strategy:** 1 lakh crore seafood export target by 2025.

**Impact:** Andhra Pradesh as the world's seafood export leader.

## Building Andhra Pradesh's AI-Powered Startup Ecosystem

- AI in Governance, Healthcare, and Digital Commerce
- Agri-Tech & Aquaculture 2.0
- Smart Logistics & Blockchain in Trade

With access to funding, mentorship, and industry collaboration, Andhra Pradesh will emerge as a global AI powerhouse.

## Upcoming GFST Conferences: Driving Tech-Enabled Sectoral Transformation

**Tourism Innovation Summit:** AI-powered travel experiences & smart tourism.

**Zero Poverty Summit:** Fintech for financial inclusion & AI in social security.

**Animal Husbandry & Agri-Tech Forum:** AI-driven livestock monitoring & blockchain traceability.

**Logistics & Shipping Innovation Forum:** Smart supply chains & digital shipping solutions.

**Pharma & Urban AI Conclave:** AI in drug discovery & smart city healthcare.

## GFST's Mission: Enabling India's Digital Future

- AI & DeepTech Training for Students & Bureaucrats
- AI-Led Policy & Governance Models
- AI-Enabled Startup Acceleration
- DeepTech Summits for Industry Collaboration

Join the movement. For partnerships, policy discussions, and event participation, contact GFST at [contact@gfst.in](mailto:contact@gfst.in)

Together, we can shape India's future through AI-led governance, DeepTech innovation, and a thriving digital economy.
