DRIVING INCLUSIVE GROWTH - PEOPLE, INFRASTRUCTURE, ECONOMY & INNOVATION

Shri Pema Khandu
Hon'ble Chief Minister Arunachal Pradesh

Arunachal Pradesh, transitioning from a frontier land to a future land, aspires to become a self-reliant, technologically empowered, and socially inclusive state, charting a path of sustainable growth and equitable development for all. As we step into a new era, our roadmap focuses on three priorities: green and decentralised livelihoods, a vibrant tourism economy, and a forward-looking digital and industrial ecosystem, setting the stage for a resilient ₹2 lakh crore economy by 2033–34.

From Frontier Land to Future Land

Vision 2047: NER as India's Growth Gateway to Asia

Shri Narendra Modi
Hon'ble Prime Minister

The Hon'ble Prime Minister envisions a **New North East** — one that is **empowered, connected, peaceful, and prosperous**. *Guided by the mantra: E.A.S.T — Empower, Act, Strengthen, Transform*, the region is no longer viewed as a distant frontier, but as a **front-runner of India's growth story**.

Shri Jyotiraditya Scindia
Hon'ble Union Minister of Communications and Development of Northeastern region

"The Northeast's **rich cultural tapestry, abundant natural resources**, and strategic geographical positioning have transformed the region into one of the world's most powerful gateways to Southeast Asia."

Driving 8% of National GDP through Inclusive, Sustainable Development

**GFST Transforming Arunachal
Through AI-Led Governance
From ₹2.5L to ₹11.5L Per
Capita Income by 2034.**

Zero Poverty by 2030

**We Are Transforming Governance
Through Innovation, Technology,
and Impact, Under the Visionary
Leadership of
Shri Nara Chandrababu Naidu**

GLOBAL FORUM FOR
SUSTAINABLE
TRANSFORMATION

A multi-stakeholder think tank driving government transformation through AI, ML, Blockchain, and GovTech—aligned with Viksit Bharat 2047 and SDG goals, powered by visionary leaders, seasoned bureaucrats, and expert technocrats.

45-DAY CONCLAVE SPRINT

A FACILITATION PROCESS BY GFST FOR VISIONING AND SECTORAL 5 YEAR IMPLEMENTATION STRATEGY

Cross-Sectoral Workshops

Map data sources and pain points for each goal

Live Dashboards

Enable real-time governance for ministers and administrators

5-Year Action Plans

Provide actionable plans with tech support and KPI logframes

Policy & Outcome Institutionalization

Institutionalize policy and outcomes with continuous handholding

Integrated Growth Framework

Define a realistic growth framework backed by measurable success

A 45-day innovation sprint co-developing reforms with the department's framework.

INDIA'S RISING FRONTIER: ARUNACHAL PRADESH

Nature-Rich. Vision-Driven. Ready for Sustainable Growth.

Why Arunachal Pradesh?

From Myths to Momentum
With 79% forest cover, Arunachal is India's ecological powerhouse. Its rivers, biodiversity, and tribal culture make it ideal for:

- Eco-tourism
- Green agriculture
- Clean energy leadership

Arunachal's Opportunity

From Nature to Nation-Building
Thanks to its strategic location, vibrant youth, and policy focus on tourism, MSMEs, and horticulture, Arunachal can become:

- The North-East's economic engine
- A gateway to Asia
- A model for inclusive, sustainable growth

VISION FOR GROWTH: ECONOMIC AMBITIONS

**Aiming to become Prominent state among
NER by 2034 with 2.0 lakh Crore economy**

CHAPTER-1

Arunachal Pradesh 2034: Prosperity with Purpose Empowering Growth, Eliminating Poverty — Dual Vision

Our vision is to build a *healthy, happy, and future-ready society* — driven by robust healthcare, inclusive livelihoods, sustainable urban-rural development, and next era of governance rooted in reform and innovation.

By strengthening core growth engines like *tourism, horticulture, manufacturing and construction*, while fast-tracking emerging sectors such as *digital technology, aquaculture, green energy, and financial services*.

ARUNACHAL 2034 - FROM VISION TO ACTION

A Blueprint for Progress, Powered by Action

Creating Vision Management Unit (VMU) - To Monitor KPIs and Achieve Outcomes

To drive implementation of the state's development vision through structured planning and performance monitoring.

GFST Facilitates The Next Era of Governance

Institutional Setup

- Finalize Vision Document
- Create Short, Medium, and Long-Term Action Plans
- Prepare Annual District Development Plans
- Enable Quarterly State Output Monitoring

Economic Development Board

- Anchor for Investment Planning
- Identify and track Emerging Sectors
- Enable policy and partnership convergence

Technology Backbone

- Develop a Unified Data Stack
- Use of AI & GovTech for strategic decision-making
- GFST to provide technical guidance and oversight

AI Governance Engine

Delivering smarter governance through predictive analytics and real-time performance dashboards.

• Predictive Decision Support

Anticipates challenges and flags early warnings for timely interventions across sectors.

• Real-Time KPI Monitoring

Tracks performance metrics live across departments, enabling accountability and fast course correction.

• Data-Driven Policy Feedback

Provides actionable insights for refining programs based on outcomes and ground-level data.

Next Steps Launch 5-Year Vision Action Plan, Roll out Growth Strategy with measurable milestones, Enable accountable, tech-driven governance at every level

Arunachal 2034 — Vision-Led. Data-Driven. Future-Ready

ARUNACHAL'S NEXT FRONTIER - 3 GROWTH MODELS

Unlocking a ₹2.0 Lakh Crore Economy through Balanced and Inclusive Growth (2029–2034)

Aspirational (17.5% CAGR):

By concentrating further and forcing the growth drivers including urbanization and economic cities, the economy will be reached 89 thousand crore by 2028-29 and the **2 lakh crore by 2033-34**

Optimistic (15% CAGR):

By pushing the growth drivers like tourism, agri-tech, the economy will be doubled for every 5 years, will be reached **1.6 lakh crore by 2033-34**

Business As Usual (12% CAGR):

State performing at **12% CAGR** (by excluding Covid Year) for last decade. If it continues the same growth, reach Rs. 69 thousand crore by 2028-29 and Rs. **1.21 lakh crore by 2033-34**

Arunachal's economy can grow from
₹39,000 Cr to ₹2.0 lakh Cr by 2034 with 17.5% CAGR

WHERE THE STATE STANDS: BRIDGING POVERTY AND DRIVING GROWTH

Positioning Arunachal Pradesh as the Northeast's Premier State

Arunachal Pradesh shows a economic profile with notable improvements in PCI, and women's participation, but faces significant challenges in unemployment rates, urbanization and poverty, especially when compared to its neighboring states in the North-East.

With Lower Poverty and Balanced Sectors, Arunachal is Poised to Leap Ahead

SECTORAL LANDSCAPE: CONTRIBUTIONS & PERFORMANCE OVERVIEW

**Primary, Secondary & Tertiary Sectors
Current Share and Trends**

CHAPTER-2

UNLOCKING GROWTH POTENTIAL

SUBSECTOR STRATEGY FOR ECONOMIC TRANSFORMATION

Emerging Growth Drivers: Construction, Tourism (Trade and Hotels) Backbone Sectors for employment: Crops, Livestock

GSVA in Crore Rs.

More than half of the (**53%**) economy is from these 3 sectors. But **there is no significant role. High share** sectors with **High growth rate**

30% share from these 3 sectors with Low growth rate. But **Construction with moderate growth**

Emerging sectors. Needs more focus.
10% share from these 5 sectors. **Moderate share** with **moderate growth rate**

Low share with Low growth rate, **Aquaculture (1% share)** with **high growth rate**

Sub Sector	GSVA 2013-14	GSVA 2023-24	Share 2013-14	Share 2023-24	Growth rate	No. of Times increas
Other services	1,900	7,266	13.3%	20.0%	14.4%	3.8

Financial services	236	268	1.7%	0.7%	1.3%	1.1

Fueling Growth: Thriving through Tourism, Building with Construction, and Empowering Employment with Crops and Livestock.

SECTORAL STRUCTURE AND WORKFORCE DYNAMICS

Balancing Growth Across Sectors: Achieving Economic Strength with Employment Sustainability

Source: MoSPI, GoI

Sector's Contribution

Primary (share 24%): 9.8 lakhs (2023-24) to 43.5 lakhs by 2033-34 with a significant potential,
Secondary (share 29%): 9.5 lakhs (2023-24) to 53 lakhs by 2033-34.
Tertiary (share 47%): 16.9 lakhs (2023-24) to 69.0 lakhs by 2033-34

Sector Per Capita Income of Worker

Primary: Rs. 1.29 lakhs

Secondary: Rs. 6.92 lakhs

Tertiary: Rs. 5.33 lakhs

The tertiary sector contributes the highest economic value but engages the fewest workers, while the primary sector absorbs the largest workforce yet delivers the lowest income levels.

Priority is to tenable balanced structural, employment-rich growth.

Service sector worker income ~5 times more than the primary sector worker income

DRIVING MOMENTUM HIGH-GROWTH & EMERGING SECTORS

Fishing & Aqua	1.00%	0.30%	High	Low
Education	-	5.12	Stable	Moderate
Human Health & Social work	-	1.37	Low Base	Moderate

Empowering sectors to grow, innovate, and create opportunities for a prosperous and inclusive tomorrow

SECTORAL INSIGHTS: BEHAVIOUR, CHALLENGES & POTENTIAL

**FOCUSING ON GROWTH PILLARS: TOURISM,
AGRI-TECH, ECONOMIC CITIES &
GREEN ENERGY**

CHAPTER-4

**Sectoral Insights: Behaviour, Challenges & Potential
(Focusing on Growth Pillars: Tourism, Agri-tech, Economic Cities and Green Energy)**

GROWTH PILLARS FOR A RESILIENT VIKSIT ARUNANCHAL

Strategic Anchors Driving Transformation Across All Sectors

Driving Comprehensive Transformation for a Resilient, Sustainable, and Prosperous Arunachal

AGRICULTURE SECTOR - THE GROWTH PILLAR

Estimated contribution with 18 thousand crore by 2034
Driving towards innovation, technology, sustainable growth and food security

Stakeholders	Persons
Operational Holding (No.s)	113,253
Operational Holding Area (ha.)	379,940
Average Holding Size (ha.)	3.35
Net Area Sown (ha.)	252,904
Gross Cropped Area (ha.)	342,646
Unirrigated Area (ha.)	278,503
Rainfed area (%)	83.20%
Cropping Intensity	1.35

Enhance Irrigated Area and Agricultural Productivity

- Only 17% of crop area irrigated – prioritize expansion.
- Construct micro-irrigation systems: check dams, solar pumps.
- Promote crop diversification & sustainable practices in rainfed areas (~83%).
- Promote technology and mechanisation
- ~More than 40% area under paddy, encourage commercial crops

Agricultural economy with a slow growth rate needs to promote the commercial and horticulture crops

HORTICULTURE: A GROWTH ENGINE FOR THE AGRICULTURAL ECONOMY

~1.65 lakh ha scope for further expansion - ₹ 2 to ₹ 4 lakhs from each hectare

Under Utilisation

- >60% area under utilisation for Horticulture
- > 70 thousand Ha. scope for further expansion of Orange alone.
- Promote diversification with sustainable crop alternatives for oranges

Revive the Horticulture

- Recover ~50% lost horticulture area over the past decade.
- Promote Kiwi, Apple, and Walnut cultivation with subsidy & training.
- Promote Orchids
- Modernise Value Chains: Develop cold storage, grading, and packaging units; empower SHGs and MSMEs.
- Rejuvenate old orchards (orange, cardamom).
- Support with input subsidies, drip irrigation
- Use schemes like PMFME & PMKSY.
- Enable national/export market linkage via GI tagging & branding.
- **Promote food processing units near agri hubs like Ziro or Pasighat.**

2022-23

- Total Area: 49,499 ha
- Total farmers: ~60,000 to 80,000
- Total Production: 1.54 lakh MTs
- ~30% contribution to the Primary sector
- ~15% contribution to the state economy
- ~50% area decreased during the last 10 years

Top 5 Major crops 2022-23

Orange (32%), Cardamom (15%), Ginger(9%), Apple (8%), Kiwi (7%)

Needs to promote Kiwi, Apple, etc.

Horticulture Crops- Area

Source for Economy Contribution %: <https://www.socialchangeanddevelopment.in/downloads/july2022/paper-5.pdf>

Drive Innovation: Launch "Mission Horticulture – NE 2.0" with subsidies, GI tagging, export branding, and support for old orchards.

LIVESTOCK & AQUACULTURE

A PATHWAY TO INCLUSIVE GROWTH AND PROSPERITY

Livestock: Estimated contribution with 5.5 thousand crore by 2034

Strategies

- Prepare 5 year action plan with state specific policies, acts
- Accelerated breed development programme: Sex sorted semen, AI
- Quality feed and fodder in adequate quantities through silage, TMR, concentrate feed, area based mineral mixture
- Ensuring credit through formal institutions, preferably PKCC.
- Ensuring Insurance coverage
- Health care in remote areas through tele veterinary medicine

Fishing & Aqua: Estimated contribution with 2.5 thousand crore by 2034

- The PMMSY and ANMPY schemes are driving significant growth in aquaculture and fish production.
- The area for pisciculture has raised from 460 ha in 2013-14 to 6625 ha in 2023-24, with fish production rising from 445 metric tonnes to 9428 metric tonnes during the same period.
- Identify suitable species, market linkages and value chain development
- Promote Aquaculture with Paddy
- Support through credit and insurance

10 Year action plan for both sectors - Empowering Sustainable Rural Economy

AQUACULTURE INNOVATION TECH 2.0 CONCLAVE ANDHRA PRADESH

10 Lakh Acres by 2029–30 & Tripling GVA From Rs.1.29 to Rs.3.87 Lakh Crore

Conclave held in collaboration with the Department of Fisheries, Andhra Pradesh, on 16-18 February

- Comprehensive Baseline Assessment of **60,000 Aqua farmers** covering **4.44 lakh acres**
- Formation of 9 Strategic Groups to focus on **capacity building, AI integration, credit plan, entrepreneurship development, market linkages, marine & deep sea fisheries, climate-resilience, domestic market development, and Inland reservoir development.**

The Chief Minister announced several key strategic directives:

- Mandatory geo-tagging and traceability for all aquaculture farms in the state.
- Launch of a real-time digital payment system integrated with farm data.
- Promotion of seafood consumption in domestic markets through tie-ups with the Defence and Health Departments.
- Implementation of Aqua Stack digital infrastructure across all district fisheries offices within 90 days.
- Declaration of 12 Aquaculture Innovation Zones with modern infrastructure, incubation support, and green energy solutions.

Conclave's core objective is to build a resilient, tech-enabled, and inclusive Aquaculture economy in Andhra Pradesh

ANIMAL HUSBANDRY TECH AI 2.0 CONCLAVE - ANDHRA PRADESH

GVA From RS.1.7 TO Rs. 3.6 Lakh Crore & Empowering 25 Lakh SHGs

Key Policy Measures Announced by Hon'ble CM of Andhra Pradesh:

- 1.Exemption of property taxes for dairy sheds in villages
- 2.Subsidized solar energy installations for livestock enterprises
- 3.Utilization of NREGS funds for water and fodder infrastructure
- 4.Chaff cutters to be distributed to rural women farmers
- 5.Temporary SGST waiver for poultry sector recovery
- 6.Supporting Innovations and Startups
- 7.Satellite Animal Disease Diagnostic Labs

Comprehensive Baseline Assessment of **1.4 Lakh livestock farmers** on economy, credit, insurance, and technology.

Formation of 10 Strategic Groups to focus on **capacity building, AI integration, credit plan, entrepreneurship development, Promotion of SSS, Feed & Fodder, small ruminants, poultry development, market linkages, and climate-resilient practices.**

Held in collaboration with the Department of Animal Husbandry, AP, on 13-14 May, Conclave is attended by 550 Progressive Farmers

Key Highlights of the Conclave: 5 Year Strategic Action Plan, RTGS through Dashboard, Technology based Governance, and Startups Promotion

ECONOMIC CITIES

ENABLING THE ECONOMY AND EMPLOYMENT

A Vision for Prosperity: Proposed ₹ ~5.6 thousand crore Economy

- **Sectoral Potential:** Agro Processing, Textile and Handicrafts, Logistics and Infrastructure, Tourism and Hospitality, MSME Development
- **Investments:** ~ 3,000 to 5,000 crore excluding renewable energy sector
- **Employment:** 5000 to 10,000 jobs (both direct & indirect)

Economic Cities/Industrial Parks

- Create plug-and-play industrial estates with logistics and facilities.
- **Vocational Training Centers:** To train the local workforce in demand-driven skills and digital marketing.
- **Tie-ups with Universities and Institutes:** To meet the demand for skilled labor in the sectors targeted by the economic cities.

Scale up MSMEs

- Expand Udyam units 5x (from 527).
- Utilise SHGs (11,730 groups) to incubate micro-enterprises.
- Strengthen value chains: orchids, bamboo, sericulture, handloom.
- Enhance industrial estates (809 acres).
- Facilitate credit, digital marketing, & skill development.

Suggested Locations

- Itanagar-Naharlagun Corridor (agro-processing and small scale manufacturing, skilled labour)
- Pasighat-Roing Belt: (Well connected with road and air, agro-processing and aquaculture)
- Tezu-Lohit Valley (hydro-power, handloom and textiles)
- Tawang-Bumla Corridor (Hydro power, handloom, eco tourism and bamboo based industries)

Empowering ~10,000 Jobs, Scaling 5,000 Crore Investments, and Strengthening 10,000 MSMEs

1.4 Lakh crore investments - 13 projects-13,000 MW

Building Green Energy Base

- Harness 18,000 MW of untapped hydropower capacity for long-term energy security
- Mobilise over ₹1.08 lakh crore in clean energy investments across hydro and solar
- Expand solar access through off-grid

Driving the Transition to Clean Mobility

- Develop EV-ready corridors connecting tourism hubs, border zones, and urban belts
- Install EV charging infrastructure to support clean logistics and public transport
- Generate 90,000–1.26 lakh green jobs through energy infrastructure and servicing
- Empower youth and SHGs as frontline workers in Arunachal's green economy

Year wise Renewal Energy Installed Capacity

Source: Renewable Energy Statistics 2023-24, GoI

Installed Capacity in MW

TOURISM

THE HEART OF ARUNACHAL PRADESH

CHAPTER-5

TOURISM: THE TREND OF VISITORS ARRIVALS

One Incredible Destination - Tourism By 2034: 10-12% GSDP - 15-20% Employment

Source: Directorate of Tourism, Arunachal Pradesh, Itanagar

Accommodation Base:

Over 793 registered homestays and approximately 250 hotels support the tourism ecosystem.

Tourism Economy Estimate:

Valued at nearly ₹2,000 Crore for FY 2023–24.

Visitor Spending Pattern:

Average spend per tourist: ~₹2,500 per day

Average stay duration: ~2 to 5 days

Sectoral Contribution (2015–16 benchmark):

GSDP Contribution: 5.62%

Employment Share: 4.76% of the total workforce

- **Domestic Tourists: more than 400% Y-o-Y growth rate for the last two years**
- **Foreign Tourists: more than 200% for the last two years**

Booming Arunachal Pradesh tourism with 400% growth

TOURISM CONNECTIVITY

WHERE CONNECTIVITY MEETS ADVENTURE - YOUR GATEWAY TO INDIA'S LAST FRONTIER

- **16** Helipads
- **4** Airports/ Airstrips
- **4** more Airports/ Airstrips at near by locations

Tourism growth by enhanced connectivity, and leveraging new 16 identified circuits for development.

TOURISM LED GROWTH -TOP 3 INFRASTRUCTURE PRIORITIES

THREE PILLARS, ONE VISION - BUILDING TOURISM INFRASTRUCTURE FOR TOMORROW

With STINs, hotel hubs, and formalised homestays, Arunachal can unlock new tourism potential across underserved regions.

TOP 3 INFRASTRUCTURE PRIORITIES

Transforming Arunachal Pradesh into a top tourist destination through strategic infrastructure and connectivity upgrades.

PROFESSIONAL EXCELLENCE THROUGH STRUCTURED CERTIFICATION - ELEVATING ADVENTURE TOURISM STANDARDS

1) Skill Development of Adventure Activity Service Providers

- NIMAS offers certified courses in mountaineering, rafting, and adventure sports.
- Aqua Excellence Centre in Tippi (West Kameng) for water sports training.
- Over 225 youths trained under the Chief Minister's Skilled Certificate (CMSACC).

2) Skill Training and Capacity Building of Local Communities

- Free tourism and hospitality training programs for local youth and women.
- Scholarships like the Chief Minister's Tourism Scholarship for tourism-related studies.
- Training for homestay operators, eco-tourism guides, and souvenir shop owners.

3) Training and Certification of Guides

- State-specific guide certification program aligned with national standards.
- Focus on first aid, disaster management, and local knowledge.
- Digital certification for guides to ensure quality and transparency.

4) Certification for Adventure Activity Service Providers

- Digital certification system for tour operators and service providers.
- Certification aligned with national standards and "Incredible Arunachal" branding.
- The process will include transparent, end-to-end digital validation.

Arunachal Pradesh should develop a skilled adventure tourism ecosystem with certified training, guide accreditation, ensuring quality, safety, and local employment.

SIX HIGH PRIORITISED CIRCUITS FOR DEVELOPMENT

SIX CIRCUITS, SUSTAINABLE FUTURES - WHERE HERITAGE MEETS HORIZON

**Tezpur – Bhalukpong –
Bomdila – Tawang**

**Itanagar – Ziro – Daporijo –
Pasighat**

**Pasighat – Yingkiong
– Tuting**

These circuits align with national initiatives like Dekho Apna Desh and Vibrant Villages, supported by tunnels, highways, homestays, and advanced landing grounds.

Roing – Mayudia – Anini

Tinsukia – Tezu – Haguliang

Aalo – Mechuka

Prioritizing these areas will position Arunachal as a hub for sustainable, experience-driven tourism with economic and cultural benefits.

Prioritize Arunachal's six strategic tourism circuits, promoting eco-cultural tourism, heritage preservation, and regional growth.

TOURISM COMMAND & CONTROL FLOW

AI POWERED DECISION MAKING

Arunachal Pradesh Tourism Command & Control Flow

Decision Making Hierarchy

Information Flow Structure

Command & Control Flow Mechanisms

Upward Information Flow

Field data → Tourism Officers → District Collectors → Tourism Secretary → Chief Minister

Downward Command Flow

Chief Minister → Tourism Secretary → Project Directors → District Collectors → Field Staff

Feedback Loops

Dashboard Analytics → Strategic Adjustments → Policy Modifications → Implementation Changes

Emergency Protocols

Critical Issues → Direct escalation → Immediate response → Situation management → Border Tourism Clearances → Disaster Alerts & Evacuation Flow

Arunachal Pradesh has instituted a robust Tourism Command & Control Architecture, aligning ministerial oversight with field-level execution through a clear upward and downward flow of information, feedback loops, and emergency protocols.

Real-Time Dashboard enables data-driven decisions using tourist arrivals, revenue, and satisfaction metrics.

Integrated structure ensures coordination among departments, districts, and private partners for execution.

Emergency protocols include rapid response for disaster alerts and border tourism issues.

**From Ground Reports to Ministerial Dashboards
One Integrated Command for Tourism Impact**

TOURISM CONCLAVE TECH AI 2.0 - ANDHRA PRADESH

Conclave held in collaboration with the Department of Tourism, Andhra Pradesh, on 25-27 June.

90-Day Acceleration Roadmap

- i. Constitute District Tourism Cells, assign MoU custodians, and publish milestone trackers on the Growth Dashboard.
- ii. Activate single-window clearances for the first twenty shovel-ready projects.
- iii. Launch the "Experience the 25 Circuits" global campaign under the new Tourism Board.
- iv. Complete skilling-university feasibility and land acquisition (Q3 FY 2025-26).
- v. Release Super-App beta with transport, TTD, and accommodation APIs by December 2025.

PEOPLE POWER: DEMOGRAPHIC CHANGE BY 2036

**Harnessing Arunachal Pradesh's
Youthful & Diverse Population**

CHAPTER-6

DEMOGRAPHIC IMBALANCE SHIFT

DECLINING YOUTH AND RAPID AGEING

From Young to Ageing: Preparing Today for Tomorrow's Demographic Reality

Young Population (0-14 years) will be **decreased 1.7 lakhs** (33%) from 2011 to 2036

Working Population (15-59 years) will be **increased 3.1 lakhs** (38%) from 2011 to 2036

Older Population (60+ years) will be **increased 2.0 lakhs** (330%) from 2011 to 2036

Sharp Decline in Young Population: 0-14 age group shrank by 53% from 2011 to 2024, with only a 2% recovery projected by 2036 – signaling future challenges in school enrolment, workforce replacement, and productivity.

Fastest Growth Among Seniors: 60+ population surged by 64% (2011-2024) and is expected to grow another 35% by 2036, increasing pressure on healthcare, pensions, and elderly care systems.

Age Group	% Change 2011 to 2024	% Change 2024 to 2036
0-14 years	-53%	2%
15-24 Years	0%	-35%
25-59 years	33%	14%
60+ years	64%	35%

Projected Population for 2024: 15.8 lakhs and increased to 17.3 lakhs by 2036

POVERTY: ACHIEVING ZERO POVERTY BY 2030

**Empowering Communities for a
Sustainable Future**

CHAPTER-7

Strategies to Remove Poverty

- Expand **livestock** ownership through **subsidies** and **training** for more HHs
- Boost **tourism** by improving **homestays** and promoting **local culture and heritage**.
- Promote **high-value crops like orchids** for higher returns to farmers.
- **Empower** and increase **SHGs** to promote **entrepreneurship** and financial independence.
- Enhance **skill development** programs in sectors like **handicrafts**, agriculture, and **digital**.
- Focus on rural development by improving access to education, healthcare, and markets
- Achieve the 2025 target of **21,000 lakhpati Didis** by empowering women through **business** and **credit access**.

RESOURCES

- ~0.5 lakh HHs owning Livestock
- 11,730 Self-help Groups
- 91,964 SHG HHs (25% of total HHs)
- 21,000 lakhpati Didid (2025 Target)
- Potential for Orchids
- High potential Local Tourism

DECLINING POVERTY

- Poverty is decreasing gradually, with an average of 12% for a year
- 43% decrease in five years from 2016 to 2021

Poverty (%)

The Real-Time Governance

AI Powered Dashboard

CHAPTER-8

DASHBOARD FOR REAL TIME GOVERNANCE

Evidence-Based Policy Making: Real-time access to critical indicators for smarter decisions.

Efficient Monitoring & Evaluation: Track state performance across sectors — health, education, poverty, employment, etc.

Gap Identification: Pinpoint lagging districts/tehsils and target interventions effectively.

Integrated Governance: Break silos across departments with a unified view of KPIs.

Empower Stakeholders: Inform citizens, administrators, and policymakers with accurate, timely insights.

An interactive, real-time digital platform aggregating performance indicators across sectors and geographies — enabling data-driven governance

Real-Time Data Integration and monitoring: Linked to MIS systems for auto-updates from departments.

Trend Analysis & Projections: Compare historical performance, forecast future trends.

Custom KPIs & Composite Indices: Sectoral scorecards (e.g. Health Index, Livestock Score, Poverty Index).

Geo-Mapped Visualizations: Interactive maps with drill-down from state → district → Tehsils.

Custom Alerts & Action Flags: Trigger warnings when indicators cross thresholds (e.g. rising unemployment).

Role-Based Dashboards: Tailored views for CM Office, Department Heads, District Collectors, Tehsils.

To drive data-informed governance, enhance transparency, and enable targeted decision-making for faster development outcomes.

Empowering informed decisions through real-time data, enhancing governance efficiency and transparency

PROPOSED REAL TIME DASHBOARD WIDGETS

Enabling Every Administrator to See, Act & Improve — In Real Time

FROM INSIGHT TO IMPLEMENTATION

Transforming Vision into Action with Data, Technology, and Collaboration

GFST, in collaboration with Bharat Advisors and Partners LLP, can act as a strategic knowledge and implementation partner to unlock Arunachal's economic potential through innovation, integration, and impact.

Together, let's build a brighter future for Arunachal Pradesh, where progress and prosperity flourish for every citizen

We look forward to collaborating closely with the State Government to operationalize this vision.

"Alone we go fast, but together we go far."
